

East Valley North *Wednesday from 9:30am–2:00pm*

Lego Club: Bring your creativity and imagination as we complete weekly projects using Legos.

Story Adventures: We're bringing stories to life with experiments, art, music, & hands-on activities.

Maker Space: Engineering meets art as we build and test projects from bridges to Christmas ornaments.

Music Foundations: Let's lay the foundations of music with composer studies, movement, & activities.

East Valley South *Thursday from 9:30am–2:00pm*

Story Adventures: We're bringing stories to life with experiments, art, music, & hands-on activities.

Lego Club: Bring your creativity and imagination as we complete weekly projects using Legos.

Music Foundations: Let's lay the foundations of music with composer studies, movement, & activities.

Art Smart: Imagination is our guide as we create fun art projects using varying materials and mediums.

Casa Grande *Friday from 10:00am–2:30pm*

Phys. Ed: All grades start their day together playing fun outdoor games and engaging movement activities.

Survival: We're escaping blizzards, earthquakes and volcanos with new survival skills and fun activities!

Theatre: Our littles are playing theatre games and our older students are exploring screenwriting!

Life Skills: We're building everyday skills like managing money, tying shoes, folding laundry & more!

Tucson *Monday from 9:30am–2:00pm*

Intro to ASL: We're introducing ASL through fun, hands-on activities and interactive games.

Mindful Kids: Let's build kindness, compassion, and self-regulation with gentle mindfulness activities.

Art Exploration: Inspiring creativity & imagination as we explore various art mediums for older grades.

Messy Experiments: We're getting messy with fun experiments and hands-on activities for lower grades.

Arizona Venture School Class Information

White Mountains *Wednesday from 9:30am–2:00pm*

Let's Wing It: Music, acting, games & a theatre production combine for an engaging musical theatre class.

Art That Matters: Come meet the master artists through the centuries & create your own masterpieces.

EleMental Science: Explore science in a hands-on kind of way through curated, fun experiments.

G.Y.M.M.: We're growing our minds & our muscles with group games and physical activities.

North Phoenix *Wednesday from 9:30am–2:00pm*

Spanish: Let's explore the rich Spanish language through games, activities, songs, and movement!

Creative Arts: Imagination is taking the lead as students explore technique, line art, painting & crafts.

Emotions: We're diving into feelings as students learn to recognize, express, & regulate their emotions.

Let's Move: Explore how movement impacts our health as we move our bodies and build teamwork.

West Valley *Friday from 9:30am–2:00pm*

Phys. Ed & Brain Gym: Students explore exercises and activities that target whole brain learning.

Spanish: Students lay a foundation of vocabulary with the alphabet, colors, numbers, animals & more!

Creative Arts: We're focusing on the importance of individual expression through art & creative activities.

Gardening & Sustainability: Explore earth and how to care for her with activities & nature experiments.
