

Venture Upward™

Educational Partnership

Expanding learning options for K–8 families

Venture Upward is collaborating with the School District of Onalaska as the district explores flexible, at-home learning options for families. Through this partnership, families can expect access to a family-centered virtual learning model designed to support both students and parents.

Program at a Glance

With enrollment Venture students receive:

Core Courses: Customized online curriculum options* such as Teaching Textbooks, Mathseeds, Imagine Learning, Adventure Learning Labs, IXL, and CTC Math. **Specific course selections will be announced as partnership develops.*

Extracurriculars: Weekly on-site Venture School community day, two monthly subscription boxes, or unlimited access to 100's of online courses through eDynamics.

Community Events:

Families can participate in a variety of community events offered through Venture Upward like field trips, educational fairs, virtual bookclubs, community service days, and more!

Venture Reward: This allocation promotes educational equity and is designed to provide funding for students to access items such as a laptop, tablet, internet, or additional learning materials meant to equip students to succeed throughout the school year.

Teacher Support: Individualized support, mentoring, attention, and guidance.

Whether you're just starting out on your educational journey or have years of experience, we are all here to support you!

Where Education Meets Purpose

At Venture Upward, we believe education should honor the uniqueness of every child and every family. We exist for the parent who dreams of more than worksheets and standardized tests. For the child who thrives in curiosity, creativity, and connection. For the family who wants an education rooted in intention, freedom, and purpose.

We are home educators, just like you. We understand the weight and joy of choosing this path, and we walk it with you, not ahead, not behind, but beside you.

Our programs are rooted in a belief that every child can grow, explore, and soar when learning is personalized and purposeful. We pair high-quality resources with hands-on support, mentoring, and community because no family should feel alone on this journey.

“My teacher of record is phenomenal, and it feels like I have people in my corner who truly want us to succeed.”

—Emily Jones

Our Mission

Helping families cultivate and embrace a culture of lifelong learning and success.
